The MASCC/ISOO Annual Meeting is the foremost international and multidisciplinary 2021 conference on supportive care. It covers the entire spectrum of problems experienced by patients as a result of their cancer as well as their cancer treatment.

Rapid advances in cancer treatment have led to numerous innovations in supportive care. At MASCC, we believe that supportive care makes excellent cancer care possible. This year's meeting promises to reach healthcare professionals around the globe, offering sessions and plenaries, both live and on-demand, networking space to connect with partners, sponsors, exhibitors, colleagues, and MASCC and ISOO members, an innovative COVID-19 track for attendees, access to on-demand recordings after the meeting and much more.
